Research reports

The benzodiazepine antagonist CGS 8216 prevents hyperammonemia-induced somatostatin receptor reduction in the brain
M.C. Boyano-Adánez, G. Bodega, Á. Martín-Espinosa and E. Arilla (Spain) 1

Expression of S100 protein in the vestibular nuclei during compensation of unilateral labyrinthectomy symptoms
M. Rickmann, J.R. Wolff and D.L. Meyer (Germany) 8

The bidirectional interaction between ventral tegmental rewarding and hindbrain aversive stimulation effects in the rat
R. Anderson, M. Diotte and E. Miliaressis (Canada) 15

Ascorbate potentiates amphetamine-induced conditioned place preference and forebrain dopamine release in rats
R.C. Pierce, J.K. Rowlett, G.V. Rebec and M.T. Bardo (USA) 21

Ethanol suppresses the induction of long-term potentiation in vivo
B. Givens and K. McMahon (USA) 27

Efferent projections of the olivary pretectal nucleus in the albino rat subserving the pupillary light reflex and related reflexes. A light microscopic tracing study
J. Klooster, G.F.J.M. Vrensen, L.J. Müller and J.J.L. Van der Want (The Netherlands) 34

Efferent synaptic organization of the olivary pretectal nucleus in the albino rat. An ultrastructural tracing study
J. Klooster, G.F.J.M. Vrensen and J.J.L. Van der Want (The Netherlands) 47

Depression of LTP in rat dentate gyrus by naloxone is reversed by $GABA_A$ blockade
C.W. Xie and D.V. Lewis (USA) 56

Ornithine decarboxylase activity in vitro in response to acute hypoxia: a novel use of newborn rat brain slices
S. Packianathan, C.D. Cain, B.H. Liwnicz and L.D. Longo (USA) 61

Neurogenic influences on contralateral responses during experimental rat monoarthritis
B.L. Kidd, S.C. Cruwys, N.E. Garrett, P.I. Mapp, V.A. Jolliffe and D.R. Blake (UK) 72

Melatonin-induced temperature suppression and its acute phase-shifting effects correlate in a dose-dependent manner in humans
S. Deacon and J. Arendt (UK) 77

Sodium butyrate induces aberrant tau phosphorylation and programmed cell death in human neuroblastoma cells
R. Nuydens, C. Heers, A. Chadarevian, M. De Jong, R. Nuyens, F. Cornelissen and H. Geerts (Belgium, Germany) 86

Acute administration of typical and atypical antipsychotic drugs induces distinctive patterns of Fos expression in the rat forebrain
W. Wan, D.J. Ennulat and B.M. Cohen (USA) 95

Modulatory effects of acute ethanol on metabotropic glutamate responses in cultured Purkinje neurons
J.G. Netzeband and D.L. Gruol (USA) 105

Cannabinoids selectively decrease paired-pulse facilitation of perforant path synaptic potentials in the dentate gyrus in vitro
M.T. Kirby, R.E. Hampson and S.A. Deadwyler (USA) 114

Localized alterations in pre- and postsynaptic serotonin binding sites in the ventrolateral prefrontal cortex of suicide victims
V. Arango, M.D. Underwood, A.V. Gubbi and J.J. Mann (USA) 121

Effects of administration of cholecystokinin into the VTA on DA overflow in nucleus accumbens and amygdala of freely moving rats
M.E. Hamilton and A.S. Freeman (USA) 134

Changes of growth inhibitory factor after stab wounds in rat brain
I. Hozumi, T. Inuzuka, M. Hiraiwa, Y. Uchida, T. Anezaki, H. Ishiguro, H. Kobayashi, Y. Uda, T. Miyatake and S. Tsuji (Japan) 143

c-fos expression in specific rat brain nuclei after intestinal anaphylaxis: involvement of $5\text{-}HT_3$ receptors and vagal afferent fibers
N. Castex, J. Fioramonti, M.-J. Fargeas and L. Bueno (France) 149

MPTP- and MPP^+-induced effects on body temperature exhibit age- and strain-dependence in mice
T.E. Freyaldenhoven, S.F. Ali and R.W. Hart (USA) 161

Effect of vagal autotransplantation and bifemelane hydrochloride on cholinergic markers and event-related potentials in rats with lesions of the nucleus basalis magnocellularis
K. Ikeda, T. Egashira, J. Yamashita and S. Okoyama (Japan) 171

Short communications

Extracellular acetylcholine is increased in the nucleus accumbens following the presentation of an aversively conditioned taste stimulus
G.P. Mark, J.B. Weinberg, P.V. Rada and B.G. Hoebel (USA) 184

(contents continued on p. 249)

0006-8993(19950807)688:1/2;1-7

(contents continued)

Intracerebroventricular administration of neuropeptide Y inhibits release of noradrenaline in the hypothalamic paraventricular nucleus caused by manual restraint in the rat through an opioid system
T. Shibasaki, C. Tsumori, M. Hotta, T. Imaki and H. Demura (Japan) 189
In vivo release of interleukin-1β into hypothalamic extracellular fluid in rats: effects of repeated sampling
C.P. Phelps, A. Sahu, J. Oliver, X.-L. Ma, P.S. Kalra, S.P. Kalra, R.A. Menzies, L. Chen, M. Denker, E. Horvath and L.L. Poole (USA) 193
Estrogen receptor immunoreactivity in ferret brain is regulated by estradiol in a region-specific manner
C.L. Sisk and L.L. DonCarlos (USA) 198
Diurnal variations in vasoactive intestinal polypeptide-like immunoreactivity in the suprachiasmatic nucleus of congenitally anophthalmic mice
L.K. Laemle, J.E. Ottenweller and C. Fugaro (USA) 203
Acute depletion of serotonin down-regulates serotonin transporter mRNA in raphe neurons
A. Yu, J. Yang, A.C. Pawlyk and S.M. Tejani-Butt (USA) 209
The activation and nuclear translocation of extracellular signal-regulated kinases (ERK-1 and -2) appear not to be required for elongation of neurites in PC12D cells
M. Sano, M. Kohno and M. Iwanaga (Japan) 213
Corticotropin-releasing factor treatment upregulates interleukin-1 receptors in the mouse pituitary: reversal by dexamethasone
T. Takao, C. Tojo, T. Nishioka, K. Hashimoto and E.B. De Souza (Japan, USA) 219
Olfactory ensheathing cells do not require L-ascorbic acid in vitro to assemble a basal lamina or to myelinate dorsal root ganglion neurites
R. Devon and R. Doucette (Canada) 223
N^{ω}-nitro-L-arginine methyl ester interferes with pentylenetetrazol-induced kindling and has no effect on changes in glutamate binding
A. Becker, G. Grecksch and H. Schröder (Germany) 230
Nitric oxide is involved in long-term potentiation in the medial but not lateral amygdala neuron synapses in vitro
Y. Watanabe, H. Saito and K. Abe (Japan) 233
Antisense oligodeoxynucleotides against μ- or κ-opioid receptors block agonist-induced body temperature changes in rats
X.-H. Chen, E.B. Geller, J.K. De Riel, L.-Y. Liu-Chen and M.W. Adler (USA) 237
Effects of immobilization on in vivo release of norepinephrine in the bed nucleus of the stria terminalis in conscious rats
K. Pacak, R. McCarty, M. Palkovits, I.J. Kopin and D.S. Goldstein (USA) 242
